STATEMENT OF UNDERSTANDING

1. I understand that all work toward a master's degree must be completed within seven (7) years. This includes transfer credits, all course work, all examinations, and final library copies of thesis, if applicable.
2. I understand that courses to be transferred from another institution **must be graduate level**, taken after the completion of a four-year baccalaureate degree (or equivalent), with grades of "B-" (2.7) or better, and those courses must not have been used on another master's degree. I also understand that graduate courses taken at OSU while the student was a non-degree graduate student, undergraduate or post baccalaureate, in the Accelerated Master's Program, a professional degree seeking student (PharmD or DVM), or while a student was enrolled in a different OSU certificate or graduate degree program are considered transfer courses, and must have earned grades of "C" (2.0) or better to be considered for inclusion on a graduate program of study.
3. I understand that the residence requirement for a master's degree is 23 credits, that this refers to courses taken at OSU after I have been admitted as a regular, degree-seeking graduate student, and that transfer courses (defined in 2 above) are not counted toward this residence requirement.
4. I understand that credits with grades of S cannot be used in a graduate program.
5. I understand that grades below C (2.00) are not accepted in a graduate program.
