POSTDOCTORAL SCHOLAR OPENING

A postdoctoral position is immediately available for research focusing on development of gonorrhea vaccines and assessment of antibiotic targets in the laboratory of **Dr. Aleksandra E. Sikora** at the College of Pharmacy, Oregon State University in Corvallis, Oregon, USA.

Applicants are expected to have an excellent scientific track record with strong expertise in microbiology and biochemistry techniques including protein purification using FPLC.

Prior experiences in research involving *Neisseria*, proteomics and bioinformatics are preferred. We are seeking a candidate with a strong work ethic, excellent scientific and interpersonal skills; proficient English; ability to work independently and as a team member.

Those interested should contact Dr. Aleksandra Sikora (Aleksandra.Sikora@oregonstate.edu) with reference "postdoc application" in the subject line.

To apply, please include a single PDF file containing a cover letter, CV, and names of three references:

- Cover Letter should describe relevant research interests and accomplishments related to microbiology, biochemistry, protein purification, *Neisseria*, proteomics, bioinformatics;
- CV should contain a complete list of published publications.

Application deadline: Applications will be accepted until position is filled.
