

# Oregon State University Graduate School

## Equivalence of Thesis / Non-Thesis Credit

\_\_\_\_\_ is a graduate student majoring in  
(Name of Student) (OSU ID#)  
\_\_\_\_\_ and pursuing the degree type of Master's or Ph.D.

This student is:

- Changing from a **thesis to a non-thesis** master's degree;
- Changing from a **non-thesis to a thesis** master's degree;
- Changing from a **doctoral degree to a master's degree** (will not complete doctoral degree);
- Continuing current degree but must correct 501/601 (research) or 503/603 (thesis) registration.

The student originally registered for the thesis/non-thesis credit below. The research performed for this credit is still applicable to the ( Thesis or  Non-thesis) degree the student is now pursuing.

***If the change is from thesis to non-thesis credit, the appropriate grade the student would have received for the work should be entered by the major professor.***

| Course Type/Title | Course prefix | Course number | Term taken | Number of credits | Appropriate grade |
|-------------------|---------------|---------------|------------|-------------------|-------------------|
| Change from:      |               |               |            |                   |                   |
| Change to:        |               |               |            |                   |                   |
|                   |               |               |            |                   |                   |
| Change from:      |               |               |            |                   |                   |
| Change to:        |               |               |            |                   |                   |

PLEASE NOTE: This change applies to the use of credit on the student's graduate program of study, but does not change the credits or grades officially listed on the student's transcript.
